TITLE 7—AGRICULTURE

Subtitle A—Office of the Secretary of Agriculture

PART 1—ADMINISTRATIVE REGULATIONS

APPENDIX—DELEGATIONS OF AUTHORITY

Consummation of transfers necessitated by Farmers Home Administration Act of 1946, and Public Law 249, 80th Congress.

Pursuant to authority contained in the Farmers Home Administration Act of 1946 (60 Stat. 1062), in Public Law No. 249, 80th Congress, approved July 26, 1947, and in R. S. 161 (5 U. S. C. 22), *It is hereby ordered, That:*

Effective October 30, 1947, the authorities, powers, functions, and duties vested in the Secretary of Agriculture by Public Law 249, 80th Congress, insofar as said law extends the provisions of the Bankhead-Jones Farm Tenant Act, as amended, to the Virgin Islands, are hereby transferred to the Farmers Home Administration, to be exercised by the Administrator thereof in accordance with the provisions of the order of "Consummation of Transfers Necessitated by the Farmers Home Administration Act of 1946, and Provision for Certain Interim Authorities" issued by the Secretary of Agriculture on October 14, 1946 (11 F. R. 12520; 7 CFR, Supp. 1946, 524).

(R. S. 161, 60 Stat. 1062; Pub. Law 249, 80th Cong.; 5 U. S. C. 22)

Done at Washington, D. C., this 30th day of October 1947.

N. E. Dobb,

Acting Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

DETERMINATION RELATIVE TO BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1947-48 FISCAL PERIOD

On October 10, 1947, notice of proposed rule making was published in the

FEDERAL REGISTER (12 F. R. 6697) regarding the budget of expenses and the fixing of the rate of assessment for the 1947-48 fiscal period under Marketing Agreement No. 84, as amended, and Order No. 33, as amended (7 CFR, Cum. Supp., 933.1 et seq.; 11 F. R. 9471), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida. This regulatory program is effective pursuant to the Aricultural Marketing Agreement Act of 1937, as amended. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, which were submitted by the Growers Administrative Committee (established pursuant to the amended marketing agreement and order), it is hereby found and determined that:

§ 933.202 *Budget of expenses and rate of assessment for the 1947-48 fiscal period.* (a) The expenses necessary to be incurred by the Growers Administrative Committee, established pursuant to the provisions of the aforesaid amended marketing agreement and order, for the maintenance and functioning, during the fiscal period beginning August 1, 1947, and ending July 31, 1948, both dates inclusive, of the Growers Administrative Committee and the Shippers Advisory Committee, established under the aforesaid amended marketing agreement and order, will amount to \$90,000.00, and the rate of assessment to be paid by each handler shall be two and one-half mills (\$0.0025) per standard packed box of fruit shipped by such handler during the said fiscal period; and such rate of assessment is hereby approved as each handler's pro rata share of the aforesaid expenses.

(b) It is hereby further found and determined that compliance with the 30-day effective date requirements of the Administrative Procedure Act (60 Stat. 237; Pub. Law 404, 79th Cong., 2d Sess.) is impracticable and contrary to the public interest, in that: (1) The rate of assessment is applicable, pursuant to the amended marketing agreement and order, to all shipments of oranges, grapefruit, and tangerines made during the fiscal period beginning August 1, 1947, and ending July 31, 1948, both dates in-

PART 4—OPERATION AND NAVIGATION OF
PANAMA CANAL AND ADJACENT WATERS
MERCHANT SHIP ANCHORAGES

Regulation 11.1, codified herein as § 4.18 (35 CFR 4.18), is amended to read as follows:

§ 4.18 *Merchant ship anchorages.* The following areas are designated as merchant ship anchorages:

(a) *Atlantic entrance.* An area immediately west of the Canal channel line, bounded on the south by a line joining gas buoy No. 4 and a point "A" which is 1,600 yards due west of gas buoy No. 4; bounded on the west by a line extending 1,800 yards due north from point "A" to point "B"; and bounded on the north by a line extending from point "B" to the Canal channel line and parallel to the west breakwater; the channel line being the easterly boundary line of the area.

(b) *Gatun Lake anchorage basin.* An area immediately east of the Canal channel line, bounded by a line extending southeasterly from the east wing wall at the south end of Gatun Locks to spar buoy "A", thence to spar Buoy No. 1, thence to spar Buoy No. 3, and thence southwesterly to the Canal channel line at gas buoy No. 9; the channel line being the westerly boundary line of the area.

(c) *Pacific entrance.* An area bounded on the south by a line drawn due east from a gas and whistle anchorage buoy hereinafter described, in latitude 8°51'50" N. and longitude 79°30'00" W., to longitude 79°28'00" W.; bounded on the southwest by a line drawn between the aforesaid anchorage buoy and Canal entrance buoy No. 4 in latitude 8°53'10" N. and longitude 79°31'45" W.; bounded on the northwest by a line drawn between Canal entrance buoy No. 4 and Flamenco Island Light; bounded on the north by a line drawn due east from Flamenco Island Light to longitude 79°28'00" W.; and bounded on the east by longitude 79°2'00" W. The southwest corner of this anchorage, in latitude 8°51'50" N. and longitude 79°30'00" W., is marked by a gas and whistle buoy which is painted black with white horizontal stripes and which shows occulting white light every two seconds; one second light, one second eclipse. PART 24—SANITATION, HEALTH, AND
QUARANTINE

QUARANTINE OF DOGS AND CATS

§ 24.77c *Quarantine period.* Every dog or cat brought into the Canal Zone from off the Isthmus by vessel, aircraft or any other means shall be held in quarantine, under veterinary inspection, for a period of not less than six months: *Provided, further,* That after two months detention the animal may, in the discretion of the Chief Health Officer, be released to the owner or custodian of the animal subject to such conditions and limitations as may be imposed by the Chief Health Officer, including the requirement that the animal be submitted to quarantine authorities for inspection at stated times: *And provided further,* That quarantine requirements may, in the discretion of the Chief Health Officer, be waived in whole or in part in the case of hunting and racing dogs which

receive customary special handling before, during, and after their shipment.

§ 24.77d *Place of quarantine.* Quarantined dogs and cats, including those arriving for transshipment, shall be detained at such places, including aboard the vessel on which the animal arrived, if practicable, as may be designated by the Chief Health Officer or by his authority.

§ 24.77e *Charges for quarantine detention.* The owner of the quarantined dog or cat, and such other person as may have brought or have been responsible for bringing the animal into the Canal Zone, shall be jointly and severally liable for payment of detention charges in the amount of 50 cents per day per animal.

§ 24.77f *Disposition of unclaimed animals and of animals for which charges are not paid.* If an animal is unclaimed or accrued charges are unpaid within 30 days after notice to remove the animal from quarantine detention upon payment of any accrued charges has been served upon or mailed to the last known address of the owner or other responsible person, the Chief Health Officer is authorized (a) to cause the animal to be sold at public auction or on written bids or by any other reasonable method, or (b) to cause the animal to be destroyed if it is of no substantial value or is suffering from any infectious or contagious disease or is deemed not saleable for any other reason. The balance, if any, of the proceeds of the sale, after deduction of the unpaid charges and costs of the sale shall be paid over to the owner or other person responsible for the quarantine charges.

§ 24.77g *Immunization against rabies.* Unless satisfactory evidence is submitted establishing that a dog or cat brought into the Canal Zone from off the Isthmus has been immunized with an approved rabies vaccine not more than six months prior to arrival in the Canal Zone, the dog or cat shall be immunized with an approved rabies vaccine following its arrival and prior to release from quarantine.

(Rule 1196b of E. O. 4314, Sept. 25, 1925, codified as § 24.77b of this part, as added Sept. 12, 1947, 12 F. R. 6596)

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circular 1661]

PART 82—WATERS

PART 146—EXCHANGES OF PRIVATELY OWNED LANDS UNDER TAYLOR GRAZING ACT

PART 292—PUBLIC WATER RESERVES

PART 297—EXECUTIVE ORDERS AND RELATED PUBLIC LAND ORDERS REFERRED TO IN CHAPTER I.

MISCELLANEOUS AMENDMENTS

The following sections in Chapter I are amended in order to show changes required by Public Land Order No. 399 of August 20, 1947, revoking Executive Order No. 1324½ of March 28, 1911, withdrawing certain public lands in the Territory of Alaska containing hot or medicinal springs, as amended by Executive Order No. 1883 of January 24, 1914, and in order to eliminate from the regulations the requirement that showings as to springs or waterholes must be made in affidavit form.

1. Section 82.1 is amended to read as follows:

§ 82.1 *Withdrawal of lands.* Every smallest legal subdivision of the public land surveys in Alaska which is vacant, unappropriated and unreserved public land and contains hot springs, or a spring the waters of which possess curative properties; and all land in the Territory within one-quarter of a mile of every such springs located on unsurveyed public land were, as of August 20, 1947, withdrawn from settlement, location, sale or entry and reserved for lease under the provisions of the act of March 3, 1925 (43 Stat. 1133), subject to valid existing rights.¹

2. Section 82.2 is amended to read as follows:

¹The lands were withdrawn and reserved as stated by Public Land Order No. 399 of August 20, 1947. Prior to that time the public lands in Alaska were affected by Executive Order No. 1324½ of March 28, 1911, as amended by Executive Order No. 1883 of January 24, 1914, which withdrew from settlement, location, sale or entry all tracts of public land in Alaska upon which are located hot springs or other springs, the waters of which possess curative medicinal properties, to the extent of 160 acres surrounding each spring, in rectangular form, with side and end lines equidistant, as near as may be from such spring or group of springs. See §§ 292.6, 297.9 and 297.19 of this chapter.

RULES AND REGULATIONS

§ 82.2 *Showing required as to springs.* An applicant to enter or select public lands in Alaska situated outside of national forests must furnish a duly corroborated statement as to hot or medicinal springs, in accordance with 43 CFR 292.8.

3. Section 146.2 is amended by substituting the word "statements" for the word "affidavits" in the section headnote; by substituting the words "a statement" for the words "an affidavit" in the second paragraph; and by substituting the word "statement" for the word "affidavit" and the words "a statement" for the words "an affidavit" in the first and second sentences, respectively, of the third paragraph.

4. Section 292.3 is amended by substituting the word "statement" for the word "affidavit" in the first and last sentence.

5. Section 292.5 is amended by substituting the word "statement" for the word "affidavit" in the last two sentences.

6. Section 292.6 is amended by adding thereto the following:

By Public Land Order No. 399 of August 20, 1947, Executive Order 5389 was amended by deleting therefrom the words "exclusive of Alaska," so that the said order as amended applies to lands containing hot or medicinal springs in Alaska as well as elsewhere in the United States.

7. Section 292.7 is amended by deleting therefrom the words "exclusive of Alaska."

8. Section 292.8 is amended by inserting the words "or medicinal" after the word "hot" in the section headnote, by adding the words "or in the Territory of Alaska," after the word "State" in the first paragraph, and by deleting the words "made in affidavit form" in the last sentence of the second paragraph.

9. The title for Part 297 is amended to read: "Executive orders and related Public Land Orders referred to in Chapter I."

10. Sections 297.1 and 297.2 are revoked. (P. L. O. 399, Aug. 20, 1947)

11. The following is added as a footnote to § 297.9:

Amended so as to apply to Alaska by P. L. O. 399, August 20, 1947. See § 297.19.

12. A new section is added to Part 297, as follows:

§ 297.19 *Withdrawal of lands containing hot or medicinal springs, including public lands in Alaska.* Executive Order No. 1324½ of March 28, 1911, withdrawing certain public lands in the Territory of Alaska containing hot or medicinal springs, as amended by Executive Order No. 1883 of January 24, 1914, is hereby revoked; and Executive Order No. 5389 of July 7, 1930, withdrawing certain public lands containing hot or medicinal springs, exclusive of such lands in Alaska, is amended by deleting therefrom the words "exclusive of Alaska," so that the said order shall apply to lands containing hot or medicinal springs in both Alaska and the United States. Executive Order No. 5389, as herein amended, shall not apply to lands within National Forests. (P. L. O. 399, Aug. 20, 1947)

PART 95—CAR SERVICE

RAILROAD OPERATING REGULATIONS FOR CAR MOVEMENT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 29th day of October A. D. 1947.

Upon further consideration of Service Order No. 778 (12 F. R. 6811) and good cause appearing therefor: It is ordered, That:

Service Order No. 778, *Railroad operating regulations for car movement* be, and it is hereby, suspended until 12:01 a. m., November 20, 1947.

It is further ordered, That this order shall become effective at 12:01 a. m., November 1, 1947; that a copy of this order and direction be served upon each State railroad regulatory body and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 97—ROUTING OF TRAFFIC

ROUTING AND COMPRESSION OF COTTON ORIGINATING ON TEXAS AND PACIFIC RAILWAY

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 29th day of October A. D. 1947.

It appearing, that there is an accumulation of cars loaded with cotton on the rails of The Texas and Pacific Railway Company at or en route to Dallas, Texas and west thereof, held or which will be held for compressing in transit, and for subsequent reshipment thence by the way of Fort Worth or Longview, Texas, and the International-Great Northern Railroad Company (Guy A. Thompson, Trustee) to Houston, Texas, or Galveston, Texas; that the inability of the compresses at Dallas, Texas and points west to process the unusual volume of cotton is unduly delaying and impeding the use, control, supply, movement, and distribution of such cars; in the opinion of the Commission an emergency exists requiring immediate action to prevent a shortage of equipment and congestion of traffic. It is ordered, that

§ 97.785 *Cotton at or en route to Dallas, Texas and west.* (a) (1) The Texas and Pacific Railway Company, a common carrier by railroad, subject to the Interstate Commerce Act shall forward immediately and transport all cars described in subparagraph (2) of this paragraph to Fort Worth or Longview, Texas, and there interchange said cars to the International-Great Northern Railroad Company (Guy A. Thompson, Trustee) a common carrier by railroad subject to the Interstate Commerce Act, which latter carrier shall forward immediately and transport said cars to Hearne, Tyler, Waco, Marlin or Houston, Texas, for

compressing in transit by compresses at those stations in accordance with the direction set forth in paragraph (b) of this section.

(2) All cars loaded with cotton on the rails of The Texas and Pacific Railway Company at or en route during this emergency to Dallas, Texas and west, held, or which will be held during this emergency, for compressing in transit by compresses at Dallas, Texas and west thereof and for subsequent reshipment by the way of Fort Worth or Longview, Texas, and the International-Great Northern Railroad Company (Guy A. Thompson, Trustee) to Houston, Texas, or Galveston, Texas.

(b) *Distribution of cars.* The International-Great Northern Railroad Company (Guy A. Thompson, Trustee) shall forward immediately, transport, and shall distribute said cars described in paragraph (a) of this section to the said compress facilities at Hearne, Tyler, Waco, Marlin, or Houston, Texas, in accordance with the indicated ability of said compresses, located at said cities, to unload cars promptly without undue detention, and shall thereafter forward and transport said shipments to the destination or port to which originally consigned.

(c) *Rates to apply.* The rates applicable to traffic forwarded and transported in accordance with the provisions of this order shall be the rates which would have applied had the cotton been compressed in transit at compresses Dallas, Texas and west.

(d) *Tariff provisions suspended.* The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended.

(e) *Announcement of suspensions.* The Texas and Pacific Railway Company and the International-Great Northern Railroad Company (Guy A. Thompson, Trustee), or their agents, shall publish, file, and post a supplement to each of their tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension required in paragraph (d) of this section.

(f) *Intrastate commerce.* The provisions of this order shall apply to intrastate commerce as well as interstate commerce.

(g) *Effective date.* This order shall become effective at 7:00 p. m., October 29, 1947.

(h) *Expiration date.* This order shall expire at 7:00 a. m., November 15, 1947,

unless otherwise modified, changed, suspended or annulled by order of the Commission.

It is further ordered, that a copy of this order be served upon the Railroad Commission of Texas; a copy of this order and direction shall be served upon The Texas and Pacific Railway Company, and the International-Great Northern Railroad Company (Guy A. Thompson, Trustee), and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 1, 24 Stat. 379, as amended, 40 Stat. 101, secs. 402, 418; 41 Stat. 476, 485, secs. 4, 10; 54 Stat. 901, 912; 49 U. S. C. 1 (10)-(17), 15 (4))

PROPOSED RULE MAKING

CIVIL AERONAUTICS BOARD

[14 CFR, Part 49]

TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

NOTICE OF PROPOSED RULE MAKING

OCTOBER 29, 1947.

Pursuant to authority delegated by the Civil Aeronautics Board to the Safety Bureau notice is hereby given that the Bureau will recommend to the Board an amendment to Part 49 of the Civil Air Regulations pertaining to the transportation of explosives and other dangerous articles.

Part 49 of the Civil Air Regulations permits the transportation of samples of lacquers, paints, and varnishes which have a flash point between 20 degrees and 80 degrees Fahrenheit. There are other materials which have the same characteristics and which can be carried with an equal degree of safety in air transportation. It is the purpose of this amendment to broaden the specification of acceptable inflammable liquids in specified quantities to include articles not previously accepted, but which can be transported in air commerce with an equal degree of safety.

It is proposed to amend § 49.2 (c) to read as follows:

§ 49.2 *Acceptable explosives and other dangerous articles.* . . .

(c) Samples of aviation grade gasoline and oil and samples of inflammable liquids having a flash point of not less than 20 degrees Fahrenheit, excluding carbon bisulfide, ethyl chloride, ethylene oxide, nickel carbonyl, spirits of nitro-

glycerin, and zinc ethyl. Materials shall be packed in inside containers having a capacity of not more than one pint, or 16 ounces by weight, and the total amount transported in the aircraft shall not exceed one gallon. Inside containers shall be securely closed, sufficient in strength to prevent any leakage or distortion of the containers caused by change in temperature or altitude during transit, and so filled as to provide adequate outage. These containers shall be surrounded with and cushioned by fire-resistant material sufficient to absorb all of the liquid, and they shall be packed in substantial outside boxes. Samples of aviation fuel and oil carried in tanks complying with the fuel or oil tank installation provisions of the Civil Air Regulations are not required to comply with Part 49.

This amendment is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., for receipt within 30 days from the date of this public notice.

(Secs. 205 (a), 601-610, 52 Stat. 984, 1007-1012; 49 Stat. 425 (a), 551-560)

[Docket No. 8283]

OPERATION OF CERTAIN LICENSED RADIO STATIONS BY UNLICENSED PERSONNEL

THIRD SUPPLEMENTAL NOTICE OF PROPOSED RULE MAKING

OCTOBER 24, 1947.

In the matter of proposed changes in the rules and regulations governing the operation of certain licensed radio stations by unlicensed personnel.

1. Supplemental notice is hereby given of proposed rule making in the above-entitled matter.

2. On April 25, May 16, and May 26, 1947, the Commission released a notice and two supplemental notices of proposed rule making in the above-entitled matter. The final date for submitting comments on the proposal embodied in these Notices was June 16, 1947. All comments received have been considered, and as a result of such consideration the Commission has modified its original proposal. The substance of the modified proposal is set forth as attached hereto.

3. The effect of the modification is that the proposal to permit unlicensed persons to make antenna tuning and coupling adjustments of radio transmitters of mobile stations has been limited to only those mobile stations which are licensed in the Experimental Service looking to common carrier operation on a regular basis in the General Mobile Radio Service and to change in certain

respects the conditions under which unlicensed personnel may make those adjustments.

4. Any interested party who is of the opinion that the proposal herein referred to should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before December 15, 1947 a written statement or brief setting forth his comments. Before final action is taken, all comments received will be considered, and if any comments are received which appear to warrant the Commission in holding an oral argument, notice of the time and place of such oral argument will be given. Parties submitting comments should file an original and six copies thereof.

Adopted: October 23, 1947.

By the Commission.

[SEAL]

T. J. SLOWIE,
Secretary.

It is proposed that Parts 2, 5, 10, 11, 13, 16, and 17 of the rules and regulations of the Federal Communications Commission be amended by incorporating therein provisions which will provide, in substance, as follows:

Until further order of the Commission and subject to the conditions herein-after stated, the provisions contained in section 318 of the Communications Act of 1934, as amended, are waived in so far as such provisions require any person to hold a radio operator license in order to operate the various classes of mobile or portable radio transmitting equipment authorized for use in the Experimental, Emergency, Miscellaneous, Railroad, and Utility Services (Parts 5, 10, 11, 16, and 17, respectively, of the Commission's rules), *Provided, however:*

1. This order shall not apply to any portable or mobile radio station engaging in communications in the international service (i. e., communications originating at or directed to any location beyond the territorial limits of the continental United States or of its territories or possessions, or communications with any foreign station wherever located): *Provided, however,* That this order shall apply to radar stations licensed in the Experimental Service and installed on ships or aircraft.

2. This order shall not apply to any portable or mobile station using radio-telegraphy employing manual operation.

3. This order shall not apply to any portable or mobile station operating on frequencies below 25 megacycles unless such operation is subject to control by a licensed operator of an associated land station licensed to the same licensee.

4. This order shall not apply to any portable or mobile station being operated as a common carrier on frequencies below 30 megacycles.

5. This order shall not apply to any portable or mobile station licensed in the Experimental Service looking to common carrier operation on a regular basis other than in the General Mobile Radio Service.

6. This order shall not be construed to authorize any person who does not hold a valid first or second class radio operator license to make adjustments to any radio transmitting equipment except as provided in the following paragraph numbered 7.

7. Pursuant to paragraph numbered 6 above, within the territorial limits of the United States or its territories or possessions, antenna tuning and coupling adjustments of radio transmitting equipment of mobile stations licensed in the Experimental Service looking to common carrier operation on a regular basis in the General Mobile Radio Service, may be made by persons (including unlicensed personnel) who do not hold valid first or second class radio operator licenses who have been specially trained and designated by the station licensee to make such adjustments, *provided, That:*

(a) The particular transmitter is of a type which, as the result of having been checked and tested by the holder of a first or second class radio operator license, is known to have antenna tuning and coupling controls which can be adjusted throughout their range without causing any off-frequency operation or resulting in any other unauthorized emissions when attached to an antenna having the same over-all characteristics as the one to be used in regular service, and

(b) The particular transmitter, before installation, is completely and properly adjusted and checked (except for the final post-installation adjustment of the antenna circuit) by, or in the presence of, a first or second class licensed radio operator, and

(c) The particular transmitter is so designed that its controls intended to be used in adjusting the transmitter antenna tuning and coupling are readily identifiable and accessible at all times, and

(d) Except as provided in paragraph numbered 7 (e) below, immediately upon completion of the antenna circuit adjustments of the particular transmitter following its installation in a mobile unit, and prior to placing the mobile unit in service, the operating frequency of the transmitter is measured and the emissions checked from an appropriate location by the holder of a first or second class radio operator license to determine that such frequency and emissions are within the allowable tolerance for the particular service and class of station.

(e) In lieu of the post-installation check prescribed by paragraph numbered 7 (d) above, at the option of the station licensee, any transmitter which meets all of the requirements of paragraphs numbered 7 (a), (b), and (c) above, and which in addition thereto is of such design that the housing thereof may be, and in fact has been, sealed or locked to prevent tampering following completion of the adjustments and checking prescribed by paragraph numbered 7 (b) above, may be given a routine check to determine that it is capable of being satisfactorily received by an appropriate land station.

8. The foregoing provisions, insofar as they constitute a waiver of the operator license requirements of section 318 of the Communications Act of 1934, as amended, shall apply only to persons whose operation (including the adjustments authorized by paragraphs numbered 6 and 7 above) of a station is with the authority and on behalf of the station licensee.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 8404, 8565]

GLENS FALLS PUBLICITY CORP. (WGLN)
AND GRANITE STATE BROADCASTING CO.,
INC.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Glens Falls Publicity Corporation (WGLN), Glens Falls, New York, Docket No. 8404, File No. BML-1247; Granite State Broadcasting Co., Inc., Claremont, New Hampshire, Docket No. 8565, File No. BP-6141; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of October 1947:

The Commission, having under consideration the above-entitled application of Granite State Broadcasting Company, Inc., requesting a construction permit for a new standard broadcast sta-

tion to operate on the frequency 1230 kc with 250 w power, unlimited time, at Claremont, New Hampshire; and

It appearing, that the Commission on June 11, 1947, designated for hearing the above application of Glens Falls Publicity Corporation (WGLN) (File No. BML-1247; Docket No. 8404) requesting an increase of power for Station WGLN from 100 w to 250 w for unlimited operation on 1230 kc, naming the licensees of Stations WJOY, Burlington, Vermont, WSNY, Schenectady, New York, and the permittee of Station WHUC, Hudson, N. Y., parties respondent thereto, and that hearing thereon has been scheduled for March 3, 1948, at Washington, D. C.

It is ordered, Pursuant to section 309 (a) of the Communications Act of 1934, as amended, that the said application of Granite State Broadcasting Company, Inc. be, and it is hereby, designated for hearing in a consolidated proceeding with the above-entitled application of Glens Falls Broadcasting Corporation at the time and place heretofore designated by the Commission, upon the following issues:

1. To determine the technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in the other application in this proceeding, or in any other pending application for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the Commission's order of June 11, 1947, designating the above-entitled application of Glens Falls Publicity Corporation (WGLN) for hearing be, and it is hereby, amended to include the application of

Granite State Broadcasting Company, Inc. (File No. BP-6141) and to add issue No. 7 above thereto.

By the Commission.

PAWTUCKET BROADCASTING CO. (WFCI)

ORDER AMENDING ISSUES

In re application of Pawtucket Broadcasting Company (WFCI), Pawtucket, Rhode Island, Docket No. 8416, File No. BML-1249, for modification of license.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of October 1947:

The Commission having under consideration a petition filed on September 9, 1947, by the above-entitled applicant pursuant to § 1.102 of the Commission's rules and regulations, requesting reconsideration of the action of a Board of Commissioners denying on August 21, 1947, a petition for reconsideration and grant of the above-entitled application for modification of license to move the main studios of Station WFCI from Pawtucket to Providence, Rhode Island;

It appearing, that the said application was designated for hearing to determine the comparative needs of the cities of Pawtucket and Providence for broadcast service originating in local studios and whether a grant of said application would contribute a fair distribution of service to each, and to determine whether the proposed operation would comply with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations; and

It further appearing, that a Board of Commissioners on August 21, 1947, denied a petition of the said applicant which was filed on July 3, 1947, requesting reconsideration and grant of the said application and that the petition of September 9, 1947, presents no new facts or reasons to show wherein the aforementioned action of the Board of Commissioners was in error;

It is ordered, That the said petition filed on September 9, 1947, be, and it is hereby, denied and the action of the Board of Commissioners on August 21, 1947, denying the said petition of July 3, 1947, be, and it is hereby, affirmed.

It is further ordered, That the Commission's order dated June 11, 1947, designating the above-entitled application for hearing, be, and it is hereby, amended to include the following issue:

3. To determine whether the present operation of Station WFCI is in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations, with particular reference to § 3.12 of the rules, and to determine the nature and source of locally produced

programs at said station and the percentage of such programs originating in the City of Pawtucket.

PILGRIM BROADCASTING CO. ET AL.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Pilgrim Broadcasting Company, Boston, Massachusetts, Docket No. 8568, File No. BP-5362; Beacon Broadcasting Company, Inc., Boston, Massachusetts, Docket No. 8569, File No. BP-5912; Boston Radio Company, Inc., Boston, Massachusetts, Docket No. 8570, File No. BP-6118; Continental Television Corporation, Boston, Massachusetts, Docket No. 8571, File No. BP-6119; Joseph Solimene, Boston, Massachusetts, Docket No. 8572, File No. BP-6120; Bunker Hill Broadcasting Company, Boston, Massachusetts, Docket No. 8573, File No. BP-6121: for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 15th day of October 1947:

The Commission having under consideration the above-entitled applications of Continental Television Corporation, Joseph Solimene and Bunker Hill Broadcasting Company, each requesting a construction permit for a new standard broadcast station to operate on 950 kc, with 1 kw power, daytime only, at Boston, Massachusetts and Beacon Broadcasting Company, Inc., Pilgrim Broadcasting Company, and Boston Radio Company, Inc., each requesting a construction permit for a new standard broadcast station to operate on 950 kc, with 5 kw power, daytime only, at Boston, Massachusetts;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said applications be, and they are hereby, designated for hearing in a consolidated proceeding, to be held at Boston, Massachusetts on December 15, 1947, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the individual applicant, and of the applicant corporations, their officers, directors and stockholders to construct and operate the proposed stations.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operations of the proposed stations and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program services proposed to be rendered and whether they would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operations of the proposed stations would in-

volve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operations of the proposed stations would involve objectionable interference, each with the others, or with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installations and operations of the proposed stations would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

LIFEBOAT EQUIPMENT

MODIFICATION OF INTERNATIONAL RADIO REGULATIONS

OCTOBER 16, 1947.

Attention is invited to the amendment of Part 8 of the Federal Communications Commission's rules and regulations governing ship service and related lifeboat antenna kite and balloon requirements adopted by this Commission on August 21, 1947, which became effective September 1, 1947 (12 F. R. 5816). The effect of this action permits those ships which are required by the Safety of Life at Sea Convention or by the Coast Guard to carry lifeboat radio installations to have either of two possible non-portable types of installations. One type of installation is the same as that permitted before the war. The other type of installation is one of the types of non-portable installations which was permitted during the war for use in lieu of portable installations.

It should be noted that under revised § 8.205 (b) (1) of these rules, the newly authorized optional lifeboat radio transmitter must be capable of generating types A-2 and A-3 emission on 500 kc and types A-1 and A-3 emission on 8280 kc. Section 8.205 (c) (2) provides that the receiver shall be capable of responding to types A-2 and A-3 emission on 500 kc and on all frequencies in the range 8100 to 8600 kc.

The International Radio Conference, which has recently concluded its meeting at Atlantic City, New Jersey, has approved a change in the International Radio Regulations which specifies the radio frequency or frequencies and type or types of emission for a lifeboat radio

installation compulsorily provided as a result of international agreement, as well as for lifeboats, liferafts, or other survival craft provided voluntarily. The pertinent provisions read as follows:

LIFEBOAT, LIFERAFT AND SURVIVAL CRAFT STATIONS

(1) Any installation used on board a lifeboat, a liferaft, or a survival craft, compulsorily provided with radio apparatus as a result of an international agreement, must be capable of transmitting by radio-teleggraphy on the frequency 500 kc/s, preferably class A-2 emission. In cases where the equipment provides for the use of frequencies between 4,000 and 23,000 kc/s, it must be able to transmit on the frequency 8,364 kc/s, preferably class A-2 emission. If the equipment includes a receiver, it shall be able to receive on 500 kc/s, preferably class A-2 emission, and, in the case where the transmitter employs frequencies between 4,000 and 23,000 kc/s, and a receiver is provided, it must be able to receive classes A-1 and A-2 emissions throughout the band 8,266 kc/s to 8,745 kc/s.

Although the above provisions of the International Radio Regulations will not become effective for a certain period of time, the Commission desires to bring this matter to your attention at this time so that you may be aware of the differences between the Commission's present rules and the newly adopted international requirements. The Commission will be required in due course of time to bring its rules into necessary conformity with the international requirements.

It is, therefore, suggested that all interested parties, and manufacturers in particular, guide themselves accordingly in order that new equipments using presently authorized frequencies and types of emission may be so designed that they can, when necessary, be readily adjusted to the different frequencies and types of emission referred to above, and in order that plans may be formulated so as to permit any adjustments of old apparatus that must be made.

By direction of the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-1002]

ST. REGIS PAPER CO.

FINDINGS AND ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 29th day of October A. D. 1947.

The Boston Stock Exchange has made application to the Commission pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 for permission to extend unlisted trading privileges to the Common Stock, \$5.00 Par Value, of St. Regis Paper Company.

After appropriate notice and opportunity for hearing and in the absence of any request by any interested person

for hearing on this matter, the Commission on the basis of the facts submitted in the application makes the following findings:

(1) That this security is listed and registered on the New York Stock Exchange; that the geographical area deemed to constitute the vicinity of the Boston Stock Exchange is the New England States exclusive of Fairfield County, Connecticut; that out of a total of 5,170,714 shares outstanding, 200,932 shares are owned by 1,087 shareholders in the vicinity of the Boston Stock Exchange; and that in the vicinity of the Boston Stock Exchange there were 744 transactions involving 79,210 shares from July 1, 1946 to June 30, 1947;

(2) That sufficient public distribution of, and sufficient public trading activity in, this security exist in the vicinity of the applicant exchange to render the extension of unlisted trading privileges thereto appropriate in the public interest and for the protection of investors; and

(3) That the extension of unlisted trading privileges on the applicant exchange to this security is otherwise appropriate in the public interest and for the protection of investors.

Accordingly it is ordered, Pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934, that the application of the Boston Stock Exchange for permission to extend unlisted trading privileges to the Common Stock, \$5.00 Par Value, of St. Regis Paper Company be, and the same is, hereby granted.

By the Commission.

UNITED LIGHT AND RAILWAY CO. ET AL.

NOTICE OF FILING OF AMENDMENT TO PLAN
AND ORDER RECONVENING HEARING AND
SETTING POST HEARING PROCEDURE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of October A. D. 1947.

In the matter of the United Light and Railway Company, American Light & Traction Company et al. respondents and applicants, File Nos. 59-11, 59-17 and 54-25.

United Light and Railways Company ("Railways"), a registered holding company, and its subsidiary, American Light & Traction Company ("American Light"), also a registered holding company, having filed an application, designated Application No. 31, for approval of a Plan pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("Act") to effectuate compliance with the Order of the Commission entered August 5, 1941 under Sections 11 (b) (1) and 11 (b) (2) of the act; and the Commission having on July 14, 1947 issued a notice of filing and order for hearing (Holding Company Act Release No. 7570), summarizing the principal

provisions of the said application and plan, designating the issues raised thereby, and ordering a hearing thereon; and Railways and American Light having filed an amendment, designated First Amendment to Application No. 31, modifying the application and plan, and the Commission having on September 22, 1947 issued a notice of filing and order for hearing with respect thereto (Holding Company Act Release No. 7729), summarizing the amendments to the plan; and

Public hearings having been held on the plan, as amended, pursuant to said orders, and during the course of said public hearings the Public Utilities Division having moved the Commission to dismiss the plan, as amended, on the ground that the schedule for the divestments proposed by the plan, as amended, was not sufficiently expeditious to satisfy the standards of section 11 of the act, and the Commission having heard oral argument on the motion and having issued its memorandum opinion on October 15, 1947 (Holding Company Act Release No. 7778), in which it denied the motion without prejudice to its later renewal and stated its tentative view that the plan, as amended, did not satisfy the standards of section 11 of the act on the issue presented by the motion and directed that hearings continue to completion; and further hearings having been held in accordance with this direction of the Commission and upon completion of said hearings the record having been closed, except for the purpose of receiving such additional amendments to the plan, as amended, as Railways and American may file;

Notice is hereby given that on October 28, 1947, Railways and American Light filed an amendment, designated second amendment, to Application No. 31 further modifying the application and plan, as amended.

All interested parties are referred to the said second amendment to Application No. 31, copies of which are on file in the offices of the Commission for a detailed statement of the transactions therein proposed. The plan, as modified by said second amendment, proposes, in summary, as follows:

1. American Light shall continue as a registered holding company owning an integrated gas utility system, which will include the properties owned by Michigan Consolidated, Milwaukee Gas Light Company and Milwaukee Solvay Coke Company, the properties to be owned and operated by Michigan-Wisconsin Pipe Line Co. ("Michigan-Wisconsin") and by Austin Field Pipe Line Company ("Austin Field"), and such additional properties as may hereafter be acquired by American Light or its subsidiaries with the approval of such State and Federal regulatory bodies as may have jurisdiction over such acquisitions.

2. During the year 1948, American Light will discontinue the payment of cash dividends on its common stock and pay dividends on such stock in The Detroit Edison Company ("Detroit Edison") stock. Such dividends will be paid quarterly on the basis of one share of Detroit Edison stock for each 75 shares of American Light common stock. In

such distributions, cash shall be paid in lieu of fractional shares or scrip.

3. To the extent which may be necessary, resources and credit of American Light will be utilized to assist in financing the new pipe line system. The common stock to be issued by the two pipe line companies will be retained in the integrated system and senior securities of those companies will be issued to others. Construction funds will be needed by the pipe line companies at various intervals and the funds to be invested by American Light in the pipe line enterprise will be provided (a) from cash now on hand, (b) from cash accumulated by virtue of the discontinuance of cash dividends on common stock and (c) from the sale of shares of Detroit Edison stock. To this end, and without making further application to the Commission:

(i) From time to time as funds are needed for the construction of its proposed pipe line, Michigan-Wisconsin shall have authority to issue and sell up to 250,000 shares of its common stock (par value \$100 per share) to American Light, which shall have authority to purchase such shares for cash at the par value thereof;

(ii) Michigan Consolidated shall have authority to issue and sell 285,714 shares of its common stock (par value \$14 per share) to American Light, which shall have authority to purchase such shares for cash at the par value thereof;

(iii) Michigan Consolidated shall have authority to purchase for cash the 25 shares of common stock of Austin Field Pipe Line Company now outstanding from the holders thereof at \$100 per share;

(iv) Austin Field Pipe Line Company shall have authority to issue and sell 29,975 shares of its common stock (par value \$100 per share) to Michigan Consolidated, which shall have authority to purchase such shares for cash at the par value thereof;

(v) From time to time, as funds are needed for the construction of its proposed pipe line, Austin Field Pipe Line Company shall have authority to borrow up to \$6,500,000 from banks upon substantially the terms and conditions heretofore stated in the record of the proceedings; and

(vi) Immediately upon receiving an order of approval of the Commission therefor, American Light shall proceed to sell 450,000 shares of common stock of Detroit Edison. The net proceeds derived from such sale will be invested in the common stock of Michigan-Wisconsin and Michigan Consolidated or used to reimburse the treasury of American Light for other funds so invested. In connection with such sale, American Light shall have authority, subject to provisions contained in the plan, as amended, for notice to the Securities and Exchange Commission, to purchase on the New York Stock Exchange a limited number of shares of Detroit Edi-

son stock, for stabilization purposes, as more fully set forth in the plan, as amended.

During the year 1948, American Light shall apply for permission to sell such additional number of shares of Detroit Edison as shall be necessary to enable American Light to complete its investment in the common stock of Michigan-Wisconsin pursuant to clause (i) of this paragraph.

4. All shares of common stock of Detroit Edison not distributed or reserved for distribution as dividends upon the common stock of American Light pursuant to paragraph 2 or sold pursuant to paragraph 3 shall also be disposed of by American Light prior to December 31, 1948. A sufficient number of such shares may be sold to provide funds to meet the reasonably foreseeable needs of American Light and its subsidiaries and such shares of Detroit Edison as may then remain shall be distributed pro rata to the common stockholders of American Light as soon as practicable after expiration of the offer to be made by American Light pursuant to paragraph 5. Supplemental applications covering the transactions provided for in this paragraph shall be filed with the Commission.

5. American Light shall purchase at \$33 per share (plus an amount equal to the unpaid accrued dividends) all shares of preferred stock of American Light tendered to it for sale at such price within the 30-day period immediately following the date the offer to purchase becomes effective. The offer to purchase shall become effective on a date to be fixed by American Light, which date shall be as early as practicable after the Commission's order approving the plan and authorizing the purchase of such stock has been entered and in any event not later than 15 days after said order shall no longer be subject to judicial review.

6. To provide the cash to be used in purchasing shares of its preferred stock pursuant to paragraph 5, and solely for that purpose, American Light shall borrow up to \$15,000,000 from banks or banks and insurance companies to be selected by American Light, such borrowing to be evidenced by 10-year serial notes. In case the amount borrowed is \$7,000,000 or less, the notes shall have annual maturities aggregating \$350,000 for each of the first five years and \$700,000 for each of the succeeding four years. In case the amount borrowed is more than \$7,000,000 but less than \$10,000,000, the notes shall have annual maturities aggregating \$400,000 for each of the first five years and \$800,000 for each of the succeeding four years. In case the amount borrowed is \$10,000,000 or more, the notes shall have annual maturities aggregating \$500,000 for each of the first five years and \$1,000,000 for each of the succeeding four years. The interest rate to be borne by the notes and other terms and provisions thereof to the extent they are not fixed herein shall be subject to the subsequent approval of the Commission.

7. As soon as practicable after the offer to be made by American Light pursuant to paragraph 5 becomes effective, the common stock of Madison Gas and Electric Company (Madison Gas) shall

be distributed pro rata to the common stockholders of American Light.

8. Railways, prior to December 31, 1948, shall dispose of all shares of preferred and common stock of American Light held by it and all shares of Detroit Edison and Madison Gas received by it in distributions made by American Light. In this connection, the following transactions will be consummated:

(i) For the last quarter of 1947 (if possible) and during the year 1948, Railways shall discontinue the payment of cash dividends on its common stock and begin to pay dividends on such stock in common stock of American Light. Such dividends, as long as feasible, will be paid quarterly on the basis of one share of American Light common stock for each 55 shares of Railways' common stock. In such distributions, cash shall be paid in lieu of fractional shares or scrip.

(ii) Railways shall tender its shares of preferred stock of American Light for sale to that company in accordance with the offer to be made by American Light pursuant to paragraph 5.

(iii) As soon as practicable after the plan has been approved by the Commission and the prior preferred stock of Railways has been called for redemption as contemplated by paragraph 9, Railways shall offer its common stockholders the right to purchase shares of common stock of American Light at \$12 per share (or such lower price as may be fixed by the Board of Directors of Railways) on the basis of one share of American Light common stock for each five shares of Railways' common stock outstanding. The other terms and conditions of such offer (and the terms and conditions of the offer to be made pursuant to clause (iv) of this paragraph) shall be submitted to the Commission for its subsequent approval.

(iv) An additional offering of shares of common stock of American Light shall be made by Railways to its common stockholders during the latter part of 1948 on the basis of one share of American Light common stock for each five shares of Railways' common stock outstanding.

(v) Cash accumulated by Railways as a result of the payment of dividends in kind pursuant to clause (i) of this paragraph and the net cash proceeds received by Railways from the sale of preferred and common stock of American Light pursuant to clauses (ii), (iii) and (iv) and from the sale of shares of Detroit Edison and Madison Gas shall be applied by Railways to the payment of its presently outstanding \$25,000,000 bank loan.

9. As soon as practicable after approval of the plan by the Commission, Railways shall borrow \$28,500,000 from banks, insurance companies or other investors by issuing 15-year serial notes (or other obligations) having annual maturities (or sinking fund requirements) aggregating \$1,500,000 and a final maturity of \$7,500,000 due fifteen years from the date of the notes. The notes shall contain appropriate provisions requiring that the net cash proceeds realized by Railways from the sale of any of its investments, other than government securities, shall (after its \$25,000,000 bank loan now outstanding has been paid in full) be applied to re-

duce the final maturity of \$7,500,000 to \$1,500,000; *Provided, however*, That the proceeds of any sale upon which Railways realizes less than \$100,000 need not be applied to reduce the amount of said final maturity. The funds borrowed pursuant to this paragraph shall be used to redeem, at the voluntary redemption prices applicable thereto, all shares of Railways' outstanding prior preferred stock and to provide funds for the payment of the presently outstanding bank loan of Continental Gas & Electric Corporation, a subsidiary holding company in the Railways system, which loan, on January 2, 1948, will aggregate \$8,946,700 in principal amount. In this connection, Railways will invest \$9,000,000 in the common stock of Continental Gas & Electric Corporation to enable that company to pay off its bank loan. The interest rate to be borne by the notes to be issued by Railways pursuant to this paragraph and other terms and conditions thereof to the extent they are not fixed herein shall be subject to the subsequent approval of the Commission.

10. At or prior to the time shares of American Light are offered for sale by Railways pursuant to paragraph 8 (iv), all interlocking of officers and directors and all contractual relations between the American Light system and the Railways system shall be terminated.

11. Separate applications covering the senior securities to be issued by Michigan-Wisconsin will be filed at or about the time such securities are proposed to be issued and sold.

12. The restriction contained in the Commission's order of November 28, 1945, limiting the amount of dividends which may be paid on Railways common stock shall be terminated.

13. The fees and expenses in connection with the plan shall be subject to the jurisdiction of the Commission. Railways and American Light will pay such fees and expenses incurred in connection with the plan as the Commission may award and determine shall be paid by those companies.

14. After the plan has been approved, the Commission, if it determines that it is necessary or advisable to do so, may extend the time within which any transaction contemplated by the plan must be consummated and may authorize such other changes as may be necessary to insure expeditious consummation of the plan in a feasible manner.

15. The applicants request that in case the Commission cannot, at an early date, enter an order approving the plan in its entirety, that in such event the Commission enter a separate order, or orders, as promptly as possible, authorizing (a) the immediate investment by American Light from treasury funds now on hand of \$4,000,000 in the common stock of Michigan-Wisconsin and (b) the prompt sale by American Light of 450,000 shares of common stock of Detroit Edison.

It appearing appropriate that notice of the filing of the second amendment to the plan be given, and that an opportunity be afforded to all persons having an interest in these proceedings to present to the Commission their views as to whether the plan, as amended, should be approved and the relief sought therein be granted:

It is ordered. That the hearings in this proceeding be reconvened for the limited purpose of taking such additional relevant material, and competent evidence as is required by the filing of the second amendment. The hearings shall be reconvened for such purpose at 10:00 a. m., e. s. t., on November 3, 1947, in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as may be designated on that day by the hearing room clerk in Room 318; and

It is further ordered. That, notwithstanding any provisions of the rules of practice promulgated by the Commission to the contrary, parties, participants, and all other interested persons shall present orally to the Commission on November 13, 1947 their views and arguments with respect to the matters involved in the said plan, as amended, and that briefs supplementing such oral presentation may be filed with the Secretary of the Commission not later than November 17, 1947.

It is further ordered. That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing and is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

It is further ordered. That the Secretary of the Commission shall serve notice of the filing of the second amendment and the procedure designated herein by mailing copies of this notice and order by registered mail to applicants herein (Railways and American Light), Michigan Public Service Commission, Wisconsin Public Service Commission, Federal Power Commission, all persons who entered appearances at the hearings upon Application No. 21 and Application No. 31, and that notice to all other persons shall be given by publication of this notice and order in the FEDERAL REGISTER, and by a general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

It is further ordered. That Railways shall forthwith mail a copy of this notice to each of its common stockholders of record at his last known address and American Light shall forthwith mail a copy of this Notice to each of its preferred and common stockholders of record at his last known address.

By the Commission.

UNION ELECTRIC CO. OF MISSOURI AND
UNION ELECTRIC POWER CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its

office in the City of Philadelphia, Pa., on the 28th day of October 1947.

Notice is hereby given that Union Electric Company of Missouri ("Union of Missouri"), a registered holding company and a public utility company and a subsidiary of The North American Company, also a registered holding company, and Union Electric Power Company ("Union Power"), a public utility subsidiary of Union of Missouri, have filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("Act") and have designated sections 6 (b), 9 (a) and 10 of the act and Rule U-44 of the rules and regulations promulgated under said act as applicable to the proposed transactions.

Notice is further given that all interested persons may, not later than November 19, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after 5:30 p. m., e. s. t., on November 19, 1947, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file with this Commission for a statement of the transactions therein proposed which may be summarized as follows:

Union Power proposes to issue and sell and Union of Missouri proposes to buy, from time to time, 250,000 additional shares of common stock, par value \$20 per share, of Union Power for the purpose of financing the construction program of Union Power. The aggregate amount to be paid by Union of Missouri for this additional common stock of Union Power will be \$5,000,000. All such additional common stock of Union Power will be pledged by Union of Missouri with the Trustee under Union of Missouri's Mortgage and Deed of Trust securing its First Mortgage and Collateral Trust Bonds under which there is presently pledged all the issued and outstanding capital stock of Union Power. The applicants-declarants state that Union Power is prohibited by the terms of Union of Missouri's Mortgage and Deed of Trust from selling any securities except to Union of Missouri and therefore the proposals herein are designed to provide for Union Power's construction program pending public financing by Union of Missouri.

Applicants-declarants state that Union Power has made application to the Illinois Commerce Commission for its consent to the issue and sale of said 250,000 additional shares of common stock, par

value \$20 per share and that Union of Missouri has made application to the Public Service Commission of the State of Missouri for authority to acquire, from time to time, said 250,000 additional shares of common stock of Union Power.

The applicants-declarants request that the Commission's order herein be issued and become effective before December 1, 1947.

By the Commission.
